BACKGROUND:

Summary

A Specialized Construction Trade Contractor, herein "Trade Contractor," is distinguished between a General Contractor in that a Trade Contractor is licensed for a specialized construction trade such as Mechanical Contracting. Trade Contractors are commonly used, but not exclusively, for CMMP projects.

Since 2016, the Economic Development Agency (EDA) has utilized pre-qualified contractors to bid on County projects. The standard questionnaire and uniform rating system was approved by the Board of Supervisors on July 12, 2016 (Item 3.12). EDA currently maintains a list of over 200 pre-qualified Trade Contractors whose pre-qualification status expired on June 26, 2019.

On March 12, 2019, Item 3.14, the Board approved a list of pre-qualified consultants to conduct contractor pre-qualifications. PQ Bids was selected to conduct the renewal and pre-qualification of the 2019 Trade Contractors on the basis of their ability to incorporate the Board-approved pre-qualification documents into their software system.

The Request for Qualifications (RFQ), Renewal Affidavit and Questionnaire for Trade Contractors was advertised on April 8, 10, 15 and 17, 2019. The deadline to complete the electronic renewal or application was May 17, 2019. The solicitation package assessed the contractor's strength, financial capacity, performance history and project experience to select pre-qualified contractors with the highest ranked capability and quality to perform work on County projects. In total, 149 submittals were logged under 45 different license classifications; 146 firms met all essential requirements and were fully approved. The Economic Development Agency recommends Board approval of the 2019 pre-qualified Trade Contracting firms listed in Attachment A.
